

Alison Manger-Weikel, MHA, RD, LDN
System Clinical Nutrition Manger
Riverside Health System

Projected Go-Live Date: **March/April 2017**

Key Components of Implementation:

- ❖ Education about the purpose and intent of the Safety Initiative
- ❖ Develop an interdisciplinary team
 - Discuss how each initiative will impact their areas and what will that mean
 - Think through day-to-day processes that occur and how changes will impact workflows
 - Talk through education and training efforts
 - Develop transitions plans and how to manage legacy products
